---

**1. Description of governance of the institution is reflective of and in tune with the vision and mission of the institution**

**Vision:** “Excellent Institution for Education, Training and Research in Engineering.”

**Mission:**

- Develop competent engineers along with professional skills and responsible citizen.
- Foster knowledge & technical skills of the highest standards to develop sustainable engineering solution.
- Prepare engineers to respond to needs of the industry, higher studies and research through industry and institute interaction.

Institute has Governing Body, College Development Committee and Internal Quality Assurance Cell act as a top management for designing and implementation of quality policies. Institute has efficient coordination and internal management system. The Internal Quality Assurance Cell is formulated to ensure the quality enhancement of academic and administrative activities.

The institute has a perspective plan designed keeping in mind the previous experiences, stakeholder suggestions and changing scenario in the field of engineering to enhance the various activities.

Teachers are the most important part of teaching learning process and actively participating in department level meetings and the resolutions are passed on to the Principal for final decision. In addition, faculty members are serving as members of various committees formed at department level and institute level where the decisions and opinions of committee members play crucial role in decision making.

## **2. Vision and mission of the Institute**
