Description of 'Institutional Strategic Plan'

Criterion 6 - Governance, Leadership and Management

Key Indicator- 6.2 Strategy Development and Deployment

6.2.1 The institutional strategic/ perspective plan is effectively deployed.

As per Institution strategic plan institute enterprise interacts with the industry by signing number of MoU's to give wide exposure to student through internship, industry sponsored projects, seminars, workshops etc. which will help to student to enhance skill sets and become an industry ready personal to grab the opportunities such as internship, placement etc. In line with this institute strategy, institute established relation with SSA steel industry by signing MoU and conducted activities to explore industrial knowledge of student. As a part of this, to create awareness among the students regarding recent trends and practices in construction field, the department of civil engineering conducted one day workshop on 'Recent Trends in Pre-engineering building' for the students of civil engineering department. In line with this, to enhance industry-institute collaboration, internship & in campus placement activity is also conducted. As a result of this, SSA steel offer placement for nine students from civil engineering department.

Institute Strategic/ Perspective Plan

Long Term Goals:

- Centre of Excellence in Engineering & Technology.
- Enhance faculty competencies for acquiring patents and copy rights.
- Enhance the Industry-Institution Interactions and collaborative R&D activities.
- Tie-ups with Industry in specialized area of Technology
- NBA and NAAC accreditation of college
- Recognition as a Research Centre
- 30% Faculty should be PhD holders by 2020.

Short Term Goals:

- Enhance Industry- Institute Interaction by signing MoUs.
- Continuous monitoring of teaching-learning activities.
- Special focus and extra coaching for academically weaker students.
- Intensify the number of modern learning platforms for the students to strengthen their technical skill set.
- Prepare students with the ability to use the techniques, skills, and modern engineering tools necessary for modern engineering practice - Value Addition Courses as evening classes.
- Enhance student's academic excellence to reach global standards.
- Undertake various industry sponsored projects.
- Organize co-curricular activities for personality development and Communication skills.
- Prepare students to communicate effectively among diverse audiences.
- Prepare students for ethical and professional leadership.
- Provide a campus environment for producing highly motivated and successful engineers.
- Increase faculty research publications in referred journals.
- To motivate and support the faculty for higher education.
- Industry and Research oriented mini and major project.

PREAMBLE:

RDTC is established in year 2009 in order to achieve excellence of students in the field of science and technology. It is approved by AICTE, New Delhi and Government of Maharashtra and is affiliated to the Savitribai Phule Pune University.

The Institutes have state of the art infrastructure appropriate to conduct engineering education. RDTC'S SCSCOE runs 04 UG programs. The Department of Civil Engineering of RDTC's SCSCOE Dhangawadi, Bhor is established in 2009 with an intake of 60 students. It has experienced faculty Engaged in teaching and research. Laboratories of all the departments are well equipped with modern equipment's and experimental setups. Besides conventional teaching, college puts special emphasis on ebased learning, subject-oriented advanced inputs.

The goal of the Civil Engineering Department is to train the students to face the challenges of ever changing technology and maintaining high ethical and moral standards. The departmental advisory committees consisting of well-known academicians and experts from industry guide the departments in their academic activities. The students' chapters established in the departments provide professional touch to the education. The department organizes the workshops and seminars on advance technology for the UG students.

The Agreement is signed between,

Whereas, Rajgad Dnyanpeeth Technical Campus, Shri Chhatrapati Shivajiraje College of Engineering, Dhangwadi, Tal: Bhor, Dist: Pune, Maharashtra 412206, (Hence forth referred as **Party 1**)

AND

Whereas, SSA Steel, Gat No. 559, Ranje phata, Khed Shivapur Phata, Pune, Maharashtra - 412205, (Hence forth referred as **Party 2**)

Whereas, both party no. 1 and party no. 2 are interested to develop the knowledge of advances in concrete technology in all respect at student's study level, which are helpful personally to students and future quality improvement.

Whereas, both parties have decided to agree to establish industry-academic collaboration in the areas of mutual interest and in accordance with terms and conditions set forth in this memorandum of understanding (MOU).

Objective of MOU:

1. To strengthen the industry-institute interaction to provide high quality and up to date technology supports and value added programs to the Engineering students, Masons and Contractors practicing on sites.
2. To establish common platform between Company and Institute to plan and execute activities for the development of Industrial Institute interaction.
3. Planning and utilizing resource like staff and infrastructure for joint R&D works, industry based joint consultancy work.
4. Sharing of latest Technical trends in Educational and Industrial field.
5. To get exposure and training to student under the supervision of industry experts.
6. To get access of the trained engineers.

AGREEMENTS OF MOU:

Both Party 1 and Party 2 shall encourage interaction between the engineers, research fellows, faculty members and students through following arrangements.

1. Party 2 - shall share their knowledge and experience by way of joint conferences and seminars/workshops.
2. Party 2 - agrees to provide all documents like brochures, leaflets, CD, DVD and their devices (computer etc.) including lecturers, skilled staff, helping staff, for above activity.
3. Party 1 - agrees to provide audio-visual projector and screen facility and appropriate seminar hall, inclusive of required electrical devices and supply system etc.
4. Party 2 - agrees to provide material and tool tackles, which are necessary for demo, and practical.
5. Party 2 - agrees to conduct above mentioned programs in campus of Rajgad Dnyanpeeth Technical Campus, Shri Chhatrapati Shivajiraje College of Engineering, Dhangwadi, Tal: Bhor, Dist: Pune, Maharashtra 412206.
6. Party 1 - agrees to provide open space, covered space, electricity, water, and washroom facilities as per requirements and institutional working days and time.
7. Party 2- may seek assistance/guidance of Party 1 faculty members in technical or any trouble shoot issues.

FINANCIAL ARRANGEMENTS:

1. The collaborative program between Party 1 and Party 2 shall be coordinated by a coordination committee appointed by Directors of both Institute (Parties).
2. Financial arrangements for each specific collaboration will be decided on case to case basis and brought on record in each case after due approval from heads of both institutions (Parties).

INTELLECTUAL PROPERTY RIGHTS:

Rights regarding publications, patents, royalty, ownership of software/design/product developed under scope of MOU shall be decided by two parties by mutual consent.

CONFIDENTIALITY:

Both the parties agree to hold in confidence all information/data which is obtained from either side or created during the performance of MOU and will not disclose the same to any third party without written consent of other side.

- 11. Fee details:** Free
- 12. Objectives:** The main objective of the program was to guide faculties and students about concept of Pre-Engineering Building .Also guided about How to design and analysis PEB Building for industrial structure.
- 13. Outcomes:** It is an efficiently designed pre-engineered building can be lighter than the conventional steel buildings by up to 30%. Lighter weight equates to less steel and a potential price savings in structural framework.
- 14. Description (program conduction details) / speaker topic explanation:**
Rajgad Dnyanpeeth's Shri Chhatrapati College of Engineering Dhangwadi, Pune has conducted a workshop of “Recent trend in Pre-

Engineering Building” on 23rd April 2021 for faculties and students of civil branches to give information about “Recent trend in Pre-Engineering Building”. Pre-engineered buildings are on the average 30% lighter because of the efficient use of steel. Secondary members are light weight roll formed “Z” or “C” shaped members. Quick and efficient design since PEB’s are mainly formed by standard sections and connections design, time is significantly reduced. The erection process is faster and much easier with very less requirement for equipment. The low weight flexible frames offer higher resistance to seismic forces

15. Conclusion: The webinar explained it can be concluded that PEB structures are more advantageous than CSB structures in terms of cost effectiveness, quality control speed in construction and simplicity in erection. PEB roof structure is almost 30% lighter than conventional steel building.

Invitation letter for Campus Placement Drive

To,
SSA Steels
Plot no 72/2, 711 Ambegaon Kh.
Pune 411046

Respected Sir,

This is in reference to share & discuss with you information regarding campus recruitment activity for our outgoing students. It will be our ardent privilege if you visit RD's- **Shri Chhatrapati Shivajiraje college of Engineering, Bhor, Pune [Maharashtra]**.

We are pleased to introduce ourselves as a growing Institution in the field of Technical Education. RD's-SCSCOE Campus Established in the year 2009 at Dhangawadi, Bhor, Pune Area is an AICTE Approved, Affiliated to Savitribai Phule Pune University run under the guidance of Hon'ble Anantrao Thopte (Ex-Education Minister) in strong support of Hon'ble Sangramdada Thopte (MLA: Bhor-Velha-Mulshi) which have a track record of outstanding performances of its passed outs in academic as well as in professional domains.

In the era of advanced technology, it is indeed a challenging task to cater the industrial needs in terms of proficient and efficient manpower. We at RD are working towards honing this talent and making them industry ready at large. We earnestly hope that our student will be able to meet the challenges assigned to them at your esteemed organisation as our ex- students have always made our institute proud.

We will be extremely obliged if you could be a part of our endeavour of making the untapped talent shine. We would like to invite you for a Campus Placement Drive of final / Pre-final year students as well as provide our student one day industrial visit at your place to understand the multi diversionary aspects/process of your company. We would be glad to provide you with any further information and assistance in this regard.

We will be providing you the infrastructural facilities for conducting Tests, Interview, Presentations, Group Discussion, Local travelling and Lodging /Boarding allowances if it's essential.

With warm regards,

Prof. M. B. Bankar
