RAJGAD DNYANPEETH TECHNICAL CAMPUS

Shri Chhatrapati Shivajiraje College of Engineering

Date: 17<sup>th</sup> May 2022.

## REPORT

**DEPARTMENT:** Mechanical Engineering

**CLASS:** NA

**NAME OF GUEST/EXPERT:** Prof. Dr. A. K. Bewoor

**FROM:** CCOEW, Pune.

**TITLE/TOPIC:** CO-PO Mapping and attainment.

**DAY & DATE:** - Saturday, 17<sup>th</sup> May 2022

**DURATION OF SESSION:** 4 hrs.

**STAFF PRESENT:** 45

**CO-ORDINATOR:** Prof. D. B. Shelke

**OBJECTIVE:** Main Objective was to explore the teaching staff about CO-PO mapping and attainments calculation.

**DESCRIPTION:** RDTC Shri Chhatrapati College of Engineering has organized guest lecture on "CO-PO Mapping and attainment" on 17<sup>th</sup> May 2022 at 11.00 a.m. Prof. Dr. A. K. Bewoor was the guest speaker invited for this lecture. Currently he is working as Professor and Dean Academics in Cummins COE for Womens, Pune.

The session was started at 11.00 a.m. with introduction and felicitation of respected guest. Mrs. Sonali Shirke has given introductory speech and welcomes Dr. A. K. Bewoor on behalf of institute. Dr. S. B. Patil felicitates guest of honor. Dr. A. K. Bewoor started the session with introduction of NAAC and process to apply the naac. He also explain briefly all key indicators of NAAC.

Dr. S. B. Patil, Pricipal felicitating Dr. A. K. Bewoor

Dr. A. K. Bewoor started the session with introduction of NAAC and process to apply the naac. He also explain briefly all key indicators of NAAC.

The session was full of enthusiasm and knowledge. Dr. A. K. Bewoor actually shows how to map Co's with PO's and How to calculate CO-PO attainments through excel sheet.

The session deliberation was on the following point:

1. Mapping of CO's with PO's
2. CO-PO attainments calculation

**CONCLUSION:** One day workshop was very much informative. Faculties asked their doubts and resource person had cleared all of them with enthusiasm.

## **REPORT OF WORKSHOP ON CYBER SECURITY AND DIGITAL FORENSIC**

**TOPIC** : “WORKSHOP ON CYBER SECURITY AND DIGITAL FORENSIC”

**DAY/ DATE** : 10/02/2022 to 11/02/2022

**DURATION OF EVENT** : 11:00 am to 1:00 pm and 2:00 pm to 4:00 pm.

### **OBJECTIVE**

1. Provide staff a conceptual overview of Cyber security and digital forensic.
2. Understand and use essential technique of Cyber security and digital forensic.

### **SUMMARY**

The workshop has started with Mr. Mosin Tamboli briefing the staff about Cyber security introduction and then provided the staff with some free sources and sites from which they can get more information about the topic and probably can make something good out of it. Prof B. D. Thorat (Head of Department) welcome the guest Mr. Mosin Tamboli.

The workshop covered the basic techniques that help staff to build and apply prediction function with an emphasis on practical applications.

The course outcome of the workshop:

1. Familiarize the functional/operational aspects of cyber security.
2. Understand emerging concepts of digital forensic.

The Workshop was beneficial for the participants, as it not only helped gain an insight to securing digital information, but also gave an idea what career choices one should opt for becoming a Digital Crime Investigator of Cyber Forensics. The participants of this course got trained with the best techniques which are used during Data Forensics and Computer Forensics investigations. The following aspects of Computer Forensics were covered:

1. Defining Computer Forensics

2. Reasons for gathering evidence
3. Who uses Computer Forensics?
4. Procedure of Computer Forensics
5. Handling evidence
6. Forensic equipment's
7. Recovering Lost data
8. Safely Deleting data

**Workshop on Cyber security and digital forensic.**

**Staff Feedback Form**

Staff are required to rate the course on the following attributes using the 4 -point scale shown.

Course: [tick (✓) in the relevant cell]

Parameters	A Very Good	B Good	C Satisfactory	D Unsatisfactory
1. Overall rating of the course content	✓			
2. Course objectives were clear		✓		
3. Clarity and relevance of textual reading material		✓		
4. The teacher was effective in communicating the content of the course		✓		
5. The teacher responded to questions in an informative, appropriate and satisfactory manner.		✓		
6. Do you have any suggestions for future workshops that you would like us to organize?				
7. Would you recommend this course to other staff?	Yes.			
Any Other Comments-	Please arrange this kind of seminar again			

*Thank you for participating, we appreciate your feedback!!!!!!!*

  14. **Description (program conduction details) / speaker topic explanation:**

Rajgad Dnyanpeeth's Shri Chhatrapati College of Engineering Dhangwadi, Pune has conducted one week Short Term Training Program on "Recent Trends in Civil Engineering" from 25<sup>th</sup> October to 29<sup>th</sup> October 2021 for Delegates from Industries & Professionals Faculty from Academic Institutions UG/PG Students. Renowned faculties from Reputed Institutes, research labs and experts from industries are invited as a resource person.

Day 1 program started with inauguration of One week STTP Program. Inaugural speech was given by Dr. S.B. Patil Principal SCSCOE. Dr. S.S. Sayyad HOD Civil department shared idea and purpose of the one week STTP. He also introduced Speaker Er. Manoj Kumar (Global Environment Consultant, Australia). The topic of Er. Manoj Kumar was Technology for Air Quality Monitoring to protect people's health & reduce climate change. Installing an air quality monitoring system helps to monitor the presence of pollutants, resulting in better environmental conditions for humans to reside. Nephelometers, are used to monitor particulate matter such as dusts, smokes, mists, and fumes. They can be

used for monitoring the respirable fraction of dust, and are small enough to use for personal exposure monitoring.

Day 2: Dr.R.B.Magar (Head, Civil Engineering Dept Kalsekar Technical Campus, Panvel) held a session regarding application of soft computing techniques in Civil Engineering. Computational techniques are fast, easier, reliable and efficient way or method for solving mathematical, scientific, engineering, geometrical, geographical and statistical problems via the aid of computers. The three constituents of soft computing are fuzzy-logic-based computing, neurocomputing, and genetic algorithms.

Day 3: Dr. M.B.Kumthekar (Head, Civil Engineering Dept GCE Karad) introduced new trends & technologies in Ground Improvement techniques. The recent methods of ground improvement Techniques used for stabilization of soil are Vibro Compaction, Vacuum Consolidation, Preloading of soil, Soil stabilization by heating or vitrification, Ground freezing, Vibro-replacement stone columns, Mechanically stabilized earth structures, Soil nailing, Micro-piles, Grouting. He gave the detailed information of all techniques .

Day 4: Er. P.D. Shedekar (Sub Engineer, PWD, Ambegaon) shared information of scope and opportunities of Civil Engineering in different fields. He also told required skills and qualities required to become engineer. Also informed how to take efforts to qualify competitive exams.

Day 5: Dr. A.B. Tapase gave speech on use of different waste materials in pavement construction. Plastic is used as substitute of fine aggregates in proportion of 10%, 15%, 20% and 25%. They found reduction in

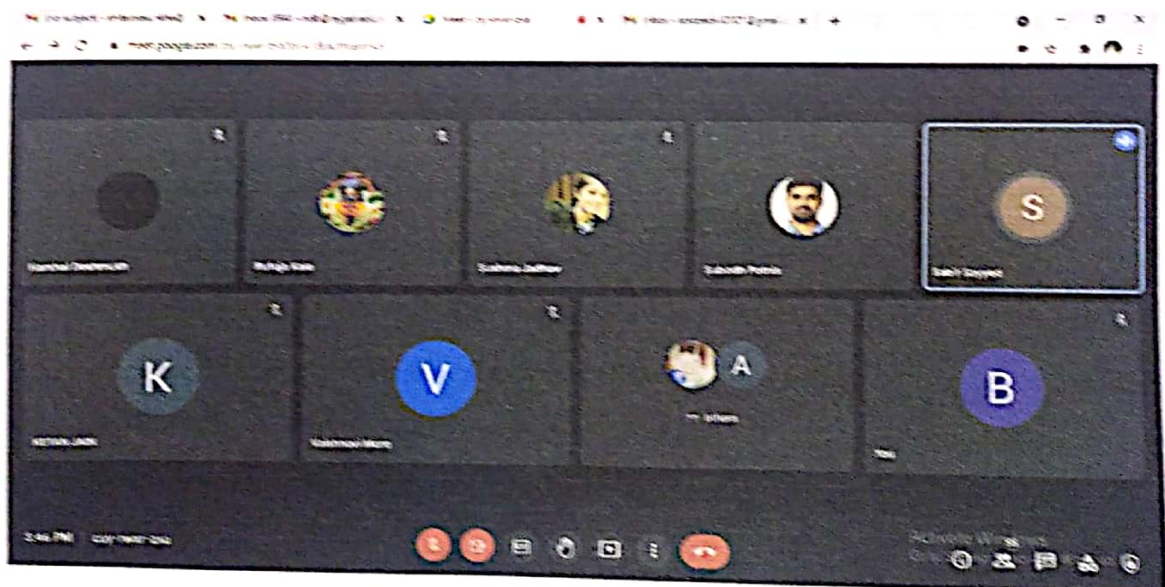

strength of concrete but support the use of plastic in non-structural concrete for the reason it shows higher workability and reduce environmental waste. He also gave the information of how other type of waste like waste rocks, glass, steel slag, cement dust, rice husk and straw, wood sawdust, waste plastic bags, crumb rubber, waste engine can be used.

Last day ended with valedictory speech.

**Conclusion:** One week STTP is the week of full of knowledge exchange. All participants get the knowledge of new applications in civil field like Air Quality Monitoring Technology, Soft computing Techniques, Ground improvement Techniques, Scope and opportunities in civil engineering in different fields, use of different waste materials in pavement construction.

### About Institute

RDTC is established in year 2009 in order to achieve excellence of students in the field of science and technology. It is approved by AICTE, New Delhi and Government of Maharashtra and is affiliated to the Savitribai Phule Pune University.

The Institutes have state of the art infrastructure appropriate to conduct engineering education. RDTC SCSCOE runs 04 UG programs It has experienced faculty Engaged in teaching and research. Laboratories of all the departments are well equipped with modern equipment's and experimental setups.

The campus has internet lease line and more than 400 networked computers with latest configuration. Besides conventional teaching, college puts special emphasis on e-based learning, subject-oriented advanced inputs.

The college has an established system of online feedback from the students and parents. The departmental advisory committees consisting of well-known academicians and experts from industry guide the departments in their academic activities. The students' chapters established in the departments provide professional touch to the education.

### About Department

The Department of Civil Engineering of RDTC's SCSCOE Dhangawadi, Bhor is established in 2009 with an intake of 60 students. The goal of the Department is to train the students to face the challenges of ever changing technology and maintaining high ethical and moral standards.

The department organizes the workshops and seminars on advance technology for the UG students

**Subject:** Permission for conducting STTP on "Recent Trends in Civil Engineering"

Respected Sir,

We would like to conduct a STTP on "Recent Trends in Civil Engineering" for faculties and students of an Institute through Civil Engineering department.

The main objective of the program is to provide the knowledge, innovative ideas & novelty to faculties and students regarding Recent trends in Civil engineering field. The guest speakers will be

- Er. Manoj Kumar Global Environment Consultant, Australia
- Dr. M. B. Kumthekar Professor & Head, Dept. of Civil Engineering, Government Engg. College, Karad
- Dr. A. B. Tapase Professor, Dept. of Civil Engineering, K.B.P. College of Engineering, Satara
- Dr. R. B. Magar Professor & Head, Dept. of Civil Engineering Kalsekar Technical Campus, Panvel
- Er. P. D. Shedekar Sub Engineer, Public Works Department (PWD), Ambegaon

It gives us great pleasure to invite above personals as a guest speakers for above said STTP. Kindly, allow us for the STTP and sanction the remuneration amount of Rs. 12,000 /-

Thanking You.

Yours truly.

## APPRECIATION LETTER

To,  
Er. Manoj Kumar,  
Global Environment Consultant,  
Australia.

On behalf of the Rajgad Dnyanpeeth's Shri Chhatrapati College of Engineering Dhangwadi, Pune, we wanted to express our deep gratitude to you for conduction of STIP session on the topic "Recent Trends in Civil Engineering" on 25<sup>th</sup> October 2021. It was really informative and useful. Definitely all the participants have benefited from your talk.

We are very much thankful to you for making it convenient to be with us.

Once again, thank you for making the STIP successful, and we expecting your continuous support in future also.

1. **Program type:** Webinar
2. **Event Name:** “Importance of Patent Filing and Registration”
3. **Attendees:** Faculties and students from in and outside the institute.
4. **Name and Designation of Resource Person :** Mr. Ajay Raul,  
Patent Agent and Technology consultant
5. **Company / Institute of Resource Person** Bhate & Pongshe  
patent trademark Attorneys
6. **Event coordinator:** Prof. S.D.Thorbole
7. **Day & Date of Execution:** Monday, 19<sup>th</sup> Nov 2021,
8. **Time:** 3 pm to 5 pm
9. **Duration of Event:** 2 hrs
10. **Venue of event / Link: online link:**  
<https://forms.gle/KEf46NXr7YGPQAHA8>  
<https://forms.gle/npU19jaamC3xKZjh9>
11. **Number of Participants:** 45
12. **Fee details:** Free
13. **Objectives:** The main objective of the program was to guide faculties and students about how to file patent and details about patent registration. Also guided about How to draft the National Patent and File it.
14. **Outcomes:** All participants understood the importance and procedure about patent filing and registration.

**Description (program conduction details) / speaker topic explanation:**

Department of Mechanical Engineering, has conducted a webinar of “**Importance of Patent Filing and Registration**” on 19<sup>th</sup> Nov. 2021 for faculties and students of all branches to give information about “**Importance of Patent Filing and Registration**”

In today’s globally competitive environment, patent has placed itself on a pedestal in the context of economic growth and is becoming increasingly important. Patent is the fuel that powers the engine of prosperity, fostering invention and innovation. The increasing significance of intangible assets in the global economy is forcing business and educational organizations to file the patent in more numbers. Patent registration helps in restricting the competition in terms of commercializing the particular invention in the market

Innovative research is a search for new business and strategic techniques and methods. Patent of such innovative research focuses on creating new ideas, analyzing problems, diagnosing them and identifying their causes. Innovative research creates new business solutions, strategies, technologies and processes.

A patent is invaluable to startups and small business entities as they work as bargaining chips for attracting investors and sponsors. Furthermore, granted patents in India improve the recognition and credibility of the inventor or his startup or a company in the market Patents are granted for new, useful inventions, and they will give you the right to prevent others from making, using, or selling your invention.

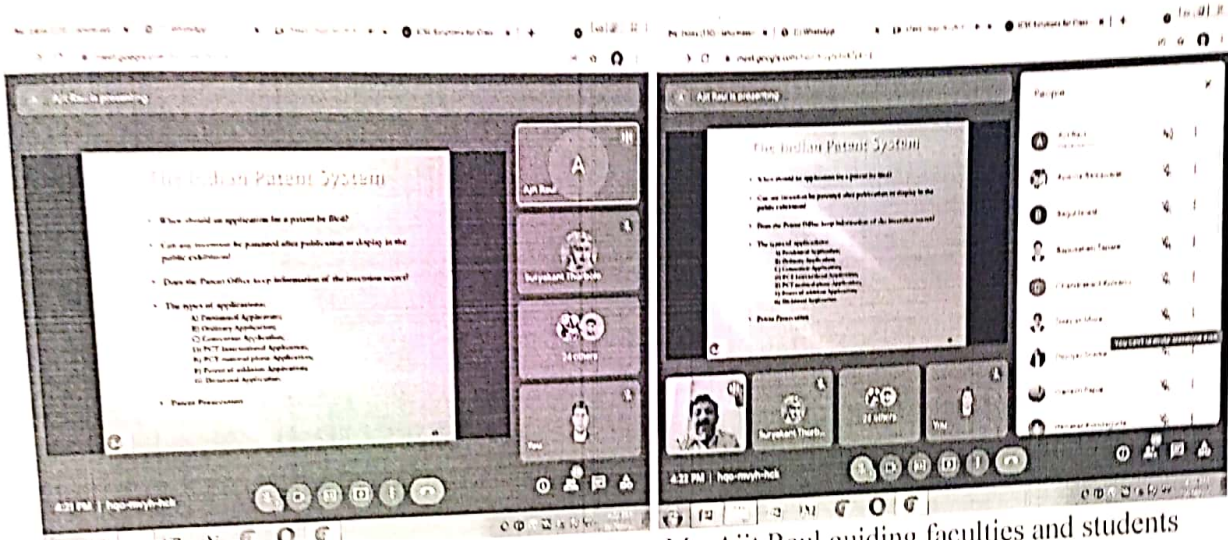

Novelty of a research work is not about you publish a new highest value for a particular properties, example highest strength and etc, but it is about a totally new developed material or method used in the research work.

**Conclusion:** The Webinar explained Patent registration and filing is important to safeguard a person or company. Without proper safeguard one company’s idea can be replicated by another company and can be used for their profit.

**SHRI CHHATRAPATISHIVAJIRAJE COLLEGE OF ENGINEERING**  
Dhangwadi, Tal-Bhor, Dist. – Pune – 412206.

**CONDUCTION LETTER**

**Date-17/09/2021**

**To**

**Mr. Lomesh Ahire**

**L & T, Pune.**

We express our immense gratitude for having you at our college to conduct a fabulous Workshopon “**Block Chain**”.It was our pleasure for having a person like you at our institute. We take this opportunity to tell you this with pride that our staff thoroughly enjoyed your entire sessions. We would like to know if you ever need our support.

Thank You so much.

  
**Prof. B. D. Thorat**  
**(H. O. D)**  
Head of Department  
Dept. Computer Engineering  
Shri Chh. Shivajiraje College of Engg.  
Dhangawadi, Pune-412206

## REPORT OF WORKSHOP ON BLOCK CHAIN

TOPIC : “WORKSHOP ON BLOCK CHAIN”  
DAY/DATE : 21-09-2021 to 22-09-2021  
DURATION OF EVENT : 11:00 am to 1:00 pm and 2:00 pm to 4:00 pm.

### OBJECTIVE

1. Provide staff a conceptual overview of Block Chain.
2. Understand and use essential technique of Block Chain.

### SUMMARY

The workshop has started with Mr. Lomesh Ahire briefing the staff about Machine Learning and then provided the staff with some free sources and sites from which they can get more information about the topic and probably can make something good out of it. Prof B. D. Thorat (Head of Department) welcome the guest Mr. Lomesh Ahire.

The workshop covered the following topics:

1. Artificial Intelligence
2. Machine Learning Algorithms
3. Logistic Regression

The course outcome of the workshop:

He explained about extracting the features and classification. He explained with real time examples. He discussed about the Gmail spam detection. Further he spoke about the training data sets and learning algorithms. He explained about the two different types of learning. • Supervised learning • Unsupervised Learning. The learning concepts were explained with examples. He mentioned about the various algorithms such as K-NN, PCA and its applications. Followed by he spoke about the difference between Machine Learning and Deep Learning. Deep learning a broader family of Machine Learning and its applications. Further he spoke about the software implementation of algorithms. He focused on Python and R language used for building Machine

Learning Applications. He has shown example of Python code and explained it. Linear Regression and Logistic Regression Python code as well as R code were explained as an example for the same.

**Workshop on “Block Chain”.**

**Staff Feedback Form**

Staff are required to rate the course on the following attributes using the 4 -point scale shown.

Course: [tick (✓) in the relevant cell]

Parameters	A Very Good	B Good	C Satisfactory	D Unsatisfactory
1. Overall rating of the course content	✓			
2. Course objectives were clear		✓		
3. Clarity and relevance of textual reading material	✓			
4. The teacher was effective in communicating the content of the course	✓			
5. The teacher responded to questions in an informative, appropriate and satisfactory manner.		✓		
6. Do you have any suggestions for future workshops that you would like us to organize?				
7. Would you recommend this course to other staff?				
Any Other Comments- I would like to heere attend this type session again.				

*Thank you for participating, we appreciate your feedback!!!!!!!*
