OBJECTIVE: To create awareness about the nutritional value of food cooked without flame, the necessity and advantages of healthy eating and to encourage everyone to stay away from the junk food.

DESCRIPTION:

Students of Rajgad Dnyanpeeth's SCSCOE, Dhangwadi donned their 'Chef Caps' to exhibit their culinary skills in 'Cooking without Fire' Inter College competition held on 08th Feb 2023. Students participated with full zeal and enthusiasm as they doled out nutritious yet delectable delicacies selected post exhaustive research on the cultural backgrounds of the relevant recipes. Artifacts and food items displayed were a visual treat and were presented in an artistic and aesthetic style.

Dishes were judged on nutrition and taste by esteemed judges Prof. D. A. More, Mrs. Dixit, Prof. S. B. Shirke and Prof. S. Jagtap. They interacted with the budding chefs to find out the ingredients of the recipes, nutritional value and the historical significance of the dishes prepared by them. Judges were overawed by the efforts of the participants and results were announced. First position was secured by Gauri More & Snehal Pisal closely followed by Devkar Poonam & Komal Walhekar which bagged the second position. The third position was shared by Lambe Durgesh & Vivek Jagtap and Kartik Karne & Pratibha Pawar.

The occasion was blessed with the presence of Prof. Dr. S. B. Patil (Principal, SCSCOE), Mr. R. S. Khamkar (Estate Manager, Rajgad Dnyanpeeth's) and all department HOD's, other Teaching, Non-teaching faculty of the college. The event was coordinated by Prof. K. S. Khamkar and Prof. K. R. Juare with support of members of cooking competition team.

CONCLUSION: The event not only provided a platform for the students to foster their creativity and decision making skills but also helped them explore their hidden talents and discover new areas of interest.

10. **Venue of event :** Civil Department Digital Classroom
11. **Number of Participants:** 50
12. **Fee details:** Free
13. **Objectives:** The main objective of the program was to guide students about the Auto CAD software. Also guided about How to implement Auto CAD software knowledge in civil engineering field.
14. **Outcomes:** Building planning in accordance with Auto CAD software
15. **Description (program conduction details) / speaker topic explanation:**

Rajgad Dnyanpeeth's Shri Chhatrapati College of Engineering Civil Department Dhangwadi, Pune has conducted a guest lecture on "**Introduction to Auto Cad Software**" on **14th October 2022** for SE and TE students of Civil Engineering to give information about "**Introduction to Auto Cad Software**" The ultimate objective of the study is to AutoCAD is a program extensively used by civil engineers and other professionals all over the world. It allows a designer to analyse, design and plan easily and efficiently. If you are a professional in this field or aspire to become a civil engineer. AutoCAD software is adaptable and flexible to use in a variety of sectors. The software is easily available and you can take a monthly or lifetime subscription. Because of wide availability and ease of use, AutoCAD is one of the most

commonly used software for professionals in the fields of architecture, construction and manufacturing.

16.   **Conclusion:** The Guest lecture on **"Introduction to Auto Cad Software"** explained it is a very user-friendly software program that allows individuals with a basic understanding of drafting to work on it. It is also an effective way to design a product, building or machine. There are multiple tools which allow you to view your drawing from different perspectives and in a variety of styles. All these can be useful while working on complex drawings with a large number of components. And also Auto Cad Software increases professional opportunities for students.

REPORT OF WORKSHOP ON NEW TECHNOLOGY IN COMPUTER ENGINEERING

TOPIC: "WORKSHOP ON NEW TECHNOLOGY IN COMPUTER ENGINEERING"

DAY/ DATE: 22nd to 28th of Feb 2023, Wednesday to Monday

DURATION OF EVENT: 11:00 am to 4:00 pm.

OBJECTIVE

1. Provide student a conceptual overview of New Technology in Computer Engineering.
2. Understand and use essential technique of New Technology in Computer Engineering.

SUMMARY

The Workshop has started with Mr. B. M. Borhade briefing the students about **"New Technology in Computer Engineering"** and then provided the students with some free sources and sites from which they can get more information about the topic and probably can make something good out of it. Prof B. D. Thorat (Head of Department) welcome the Guest Mr. B. M. Borhade.

The Workshop covered the basic techniques that help students to build and apply prediction function with an emphasis on practical applications.

The course outcome of the Workshop:

1. Familiarize the functional/operational aspects of New Technology in Computer Engineering.
2. Understand emerging concepts of New Technology in Computer Engineering.

The session commenced with a brief introduction to **New Technology in Computer Engineering**, as science and technology have become essential aspects of our lives. Technology was a luxury at a point in time, but now it has become a necessity. It is impossible to survive without electricity, television, music systems, mobile phones, internet connections, etc. We start and end our day with technology. So it is indeed difficult to imagine our life without technology, but it should be used with caution. If we become too dependent on technology, it will end up being harmful to us and

our health. Overuse of technology can also become self-destructive, so it is important everyone uses technology only when necessary.

Then Mr. B. M. Borhade explained the importance of new technology. Advanced technology has increased productivity across all fields of work. Technology is our new present and future, and it has made life easier and more convenient for us. Humans have become more reliant on science and technology as a result of technological advancements. Every human activity has now been replaced by one created by machines. We rely on technology for every aspect of our lives, and it has become an inseparable element of our lives. The use of contemporary technology has made the entire civilization reliant on it. Without technology, life and business would grind to a halt.
