## ABOUT IPR CELL AND WORKSHOP OBJECTIVE

PSP-IP & Associates and IPR Cell at RDTC SCSCOE jointly formed to conduct Awareness Programs, Trainings and Consultancy in Intellectual Property Rights (IPR) i.e. Patents, Designs, Copyrights, Trademarks & Geographical Indications etc. Such IPRs are considered as a barometer of R&D activities, encourages technology transfer, national / foreign direct investments & helps in technological / industrial development. But it is often observed that many inventors are losing the chance of obtaining Patents for their inventions by commercially using or publishing their invention in newspapers or scientific and technical journals and such inventions are thus remain unprotected and lose their exclusive rights. Similar thing for other IP rights as well. Therefore RDTC SCSCOE and PSP-IP & Associates IPR Cell will provide "Trainings on various IPR's" to create awareness about IPR & to look after the activities related to the Intellectual Property, to offer legal services with emphasis on origination, protection and commercialization of the intellectual property, Evaluation and filling of patents, copyrights and design etc consultancy.
