Visit Report

Class:-FE

Subject:- Basic Mechanical Engineering

Place of Visit: Pimpri Chinchwad Science Park, Near Auto Cluster, Chinchwad, Pune- 411019.

Visit Date: 07-04-2018 (Saturday), Time: 12.00pm to 03.00pm

Present Students:50

Guide Name: Prof. Mane S. M. & Prof. L. P. Maskepatil

Pimpri Chinchwad Science Park is one of the latest tourist attraction and activity based Science Centre of Pune region. The Science Centre houses Galleries on different themes of Science & Technology, Activity area, Inflatable Taramandal and an Auditorium. It also has a open air Science Park spread over 3.5acres. Most of the exhibits in the science centre and science park are interactive in nature and visitors can explore science in an entertaining way.

The Centre also conducts many Science shows such as 3D Shows, Taramandal Shows and Live Demonstrations for visiting people and student groups. It also organises activity based programmes and workshops for students and teachers.

The Science Park is a non-formal educational institution to communicate developments in Science & Technology among the masses, and encourage creativity and spirit of enquiry among the students. Apart from providing effective environment for non-formal science education Pimpri Chinchwad Science Park is sure to enthuse and excite the people especially

students of the region creating awareness on important topical issues in science, technology and engineering.

The Science Centre has 4 Galleries on different subjects.

1. Automobiles

The 600 sq.m. gallery comprises of interesting exhibits in the form of interactive, kiosks, cut section models providing opportunities to peep into automobiles, 3D dioramas and exhibits explaining how automobile stuffs like spark plug, injector, silencers, wipers etc. work. Opportunity for virtual driving, testing your skills normally used in driving and activities on making of an automobile will certainly enthuse visitors.

2. Energy

In this exposition, spread over 400sq.m., various forms of energy, their production and practical applications, environmental issues, world energy reserves and future sources of energy are explained through various interactive exhibits, working models and multimedia presentation with added components in them.

3. Fun science

The Fun Science Gallery, spread over an area of 600 sq m, is full of opportunities for visitors to interact, explore and experience various aspects of science in highly entertaining ambience. Most of the exhibit here are participatory which provide hands-on and minds-on experience to visitors and helps to clear basic concepts of Science.

Subject: - Regarding permission for site visit at Bhatghar Hydropower Station.

Respected Sir,

Our Rajgad Dnyanpeeth's, Shri Chhatrapati Shivajiraje College of Engineering, Dhangawadi (Bhor) is affiliated to Savitribai Phule Pune University.

As per the curriculum of Savitribai Phule Pune University for Third year students of Civil Engineering, it is mandatory to visit Hydropower plant for Fluid Mechanics and Hydrology & Water Resource Engineering Subject. It enhances the skill of students to encourage creative thinking process to help them to get confidence about the actual field work. Details about number of students & tentative dates are given below,

- No of Students- 44
- No of Faculty members-02
- Tentative Date-02-04-2018

Kindly do the needful.

Thanking you.

INDUSTRIAL VISIT REPORT

Date:- 26/03/2018

- 1) Class: S.E Mechanical.
- 2) Subject: Applied Thermodynamics
- 3) Name of Industry: PMT, Swargate
- 4) Date & Time: 26th Mar. 2018 (11 to 2 pm)
- 5) Present Students: 52
- 6) Contact Person with Designation & Phone No.: Mr. S.S. shinde (8830327542)
- 7) Name of Faculty: 1. Prof. R. S. Lavate
2. Prof. D. B. Misal

As a part of Savitribai Phule Pune university academic curriculum it required to visit the Automobile service station so we had arranged a visit to PMT Workshop, Swargate.

Content of studies:

PMT Workshop, Swargate contain main nine departments like Engine section, Gear box section, Transmission Section, Electrical Section (Starter, Alternator, Pump and Battery), radiators, Brake Section, Tyre Section, Body section and Injector Section. We started visit from engine section in that they show all parts of engine (Cylinder, piston, valves, connecting rods, piston rings, cam shaft, and crankshaft) and its working. Also they show the parts of gear box, transmission system (propeller shaft, rear axle and differential) and how the maintenance is done. In injector section they show the types of injector, its parts and working of injector. They show all parts of mechanical brake drum system are used in bus which is operated with pneumatic system.

Subject: - Regarding permission for academic site visit.

Respected Sir,

Our Rajgad Dnyanpeeth's, Shri Chhatrapati Shivajiraje College of Engineering, Dhangawadi (Bhor) is affiliated to Savitribai Phule Pune University. As per the curriculum of Savitribai Phule Pune University for Third year students of Civil Engineering, We are planning a site visit to Water treatment plant. We are requesting to give permission to site visit a WTP owned by Shirwal Grampanchayat.

This visit will enhances the skill of students to encourage creative thinking process to help them to get confidence about the actual field work. Details about number of students & tentative dates are given below,

- Name of Faculty - Asst. Prof. K. R. Suryawanshi
- No of Students- 60
- No of Faculty members-02
- Tentative Date-21-03-2018

Kindly do the needful.

Thanking you.

INDUSTRIAL VISIT-REPORT

Date:- 21/03/2018

- 1) **Class: B.E Mechanical.**
- 2) **Subject: Power Plant Engineering.**
- 3) **Name of Industry: Gas Turbine Power Station Uran, Maharashtra.**
- 4) **Date & Time: 20th March 2018 (10:30 am to 1:30 pm)**

- 7) **Name of Faculty: 1. Prof. Gaikwad C.S
2. Prof. More D.A**

As a part of academic curriculum, we visited the above industry. We observed & studied the following things.

Content of studies:

Uran Gas Turbine Power Station is a gas-based thermal power plant located at Uran in Raigad district, Maharashtra. The power plant is operated by the Maharashtra State Power Generation Company (Mahagenco) It has an installed capacity of **672 MW** (4x108 MW, 2x120 MW). The power plant were designed in such a way that it could be upgraded later on to an integrated gas and steam turbine plant for minimum load operation. Gas turbines usually operates on an open cycle. Air at ambient conditions is drawn into the compressor, where its temperature and pressure are raised. The high pressure air proceeds into the combustion chamber, where the fuel is burned at constant pressure. The high temperature gases then enter the turbine where they expand to atmospheric pressure while producing power output.

Additional remark:

From this visit, we got the information and practical knowledge about Power Generation through Gas Turbine and transmission and distribution of power. Student got the knowledge about filter house, compressor, combustor chamber, gas turbine and generator. They got the idea how electricity is generated through gas turbine.

SITE VISIT REPORT

Date: - 21/03/2018

- 1) **Class:** S.E Civil
- 2) **Subject:** Concrete Technology
- 3) **Name of Site:** S.A Infra, Ready Mix Concrete Plant, Behind Amnora park Hadpsar,
Pune, Maharashtra
- 4) **Date & Time:** Tuesday, 20.03.2018 & 10.00 am To 4.00 pm
- 5) **Present Students/Satff:** 50/01
- 6) **Contact Person with Designation & Phone No.:** Er. Shivanand Gugal. (Plant Incharge)
- 7) **Name of Faculty:** Prof. S. M. Jadhav

As a part of academic curriculum, we visited the above site. We observed & studied the following things.

Content of studies:

The site engineer giving all the information about Ready mix concrete plant, storage of material required for RMC Plant, Capacity of RMC plant, testing of concrete, and also give information about how to use software of mix design. Ready mixed concrete which is mixed at central batching plant and transported at the site by suitable means like belt conveyor, transit mixer. Transit mixer is a truck mounted mixer having capacity of 4 to 7 meter cube. Also there is a proper arrangement for storing material like coarse aggregate, Fine aggregate (Natural and artificial) etc.

Subject: - Regarding permission for academic site visit.

Respected Sir,

Our Rajgad Dnyanpeeth's, Shri Chhatrapati Shivajiraje College of Engineering, Dhangawadi (Bhor) is affiliated to Savitribai Phule Pune University.

As per the curriculum of Savitribai Phule Pune University for Second year students of Civil Engineering, We are planning an academic site visit to Ready Mix plant.

This visit will enhances the skill of students to encourage creative thinking process to help them to get confidence about the actual field work. Details about number of students & tentative dates are given below,

- Name of Faculty - Asst. Prof. S. P. Salunkhe
- No of Students- 66
- No of Faculty members-02
- Tentative Date-20-03-2018

Kindly do the needful.

Thanking you.

As a part of academic curriculum, we visited the above industry. We observed & studied the following things.

Content of studies: At the beginning, In charge of the khamkarwadi wind farm explained about the wind mill installation, their generation, transmission and distribution. The wind direction rotates the wind turbine to face into the wind. The energy in the wind (called kinetic energy) turns the turbine blades around the rotor (creating mechanical energy).

The rotor connects to the main shaft, which turns inside the generator housing. Here, a magnetic rotor spins inside loops of cooper wire. The electricity generated then travels down large cables from the nacelle, through the tower, and into an underground cable. At wind farms, cables from different turbines take the electricity generated to a substation. Here, a step-up transformer again increases the electrical output. A transmission line connects the electricity output at the substation to the electrical grid serving communities throughout the region

Additional remark: From this visit, we got the information and practical knowledge about Power Generation through wind mill and transmission and distribution of power. Student got the knowledge about wind mill, wind turbine, generator. They got the idea how electricity is generated through wind mill.

REPORT OF INDUSTRIAL VISIT/TOUR

DEPARTMENT: Mechanical Engg. CLASS: T. E.
 NAME & PLACE OF ORGANIZATION VISITED: Hydro power station (Dhom)
 DAY & DATE: 6/10/2017 Friday. DURATION OF VISIT: One day STUDENT/ STAFF PRESENT:
 COORDINATOR: Mr. Gaikwad C.S. students - 59
 staff - 02

OBJECTIVE:

To get a through idea about hydroelectric power, operation of generator.

DISCUSSION:

- 1) - With an aim to go beyond academics, Mechanical department of SSCOE had organized an Industrial visit to "Dhom Hydro power station", Satara district, Wai, on 6th Oct 2017.
- 2) - Dhom 2x1 MW capacity Hydro power station. Kaplan turbine installed at basement electricity house which generate electricity of 4mw.
- 3) Installed capacity - 2mw., Height - 50m, Length 2,478m, Dam volume - 6.335km³

CONCLUSION:

We understand the function of each components in hydro power station, their importance, their arrangement and precautions that to be used for safety in the plant.

DHOM HYDRO POWER STATION

A. BRIEF HISTORY

DHOM 2 X 1 MW Capacity Hydro Power Station has been constructed at Vyahali colony dam near Wai in Satara District. This dam is across the river Krishna. This power station lies on the right bank of river in Satara District. Hydro power station is 68 Kms. from Pune. Two separate outlets, one for ID & other for Power have been embedded in the right bank of the dam. Dhom left bank canal bifurcates from right bank canal via aquaduct on downstream side. All the equipments under these specification shall be designed to withstand under earthquake forces of dynamic strength of 0.3 g in horizontal direction & 0.5 g in vertical direction, where g is gravitational action.

संदर्भ :- आपले महाविद्यालयाचे पत्र जा.क्र. आर.डी.टी.सी./16-17/278 दिनांक 14/02/2017

महोदय,

उपरोक्त विषयाबाबतचे आपले संदर्भिय पत्र या कार्यालयास प्राप्त झालेले आहे. आपल्या विनंतीस अनुसरून खालील अटीच्या अधीन राहून आपल्या महाविद्यालयातील विद्यार्थ्यांना गुंजवणी धरणाच्या कामास दिनांक २७/०२/२०१७ रोजी शैक्षणिक भेट देण्यास परवानगी देण्यात येत आहे.

- १) सद्यस्थितीत गुंजवणी धरणाचे काम प्रगतीपथावर असल्याने धरणावर असणाऱ्या शासकीय मालमत्तेचे व कंत्राटदाराच्या कोणत्याही साहित्याचे नुकसान होणार नाही. याबाबत दक्षता घेण्यात यावी.
- २) सद्यस्थितीत गुंजवणी धरणाच्या सांडव्याचे काम प्रगतीपथावर असून सांडव्याचे काम सुरक्षित अंतरावरून पाहणेची दक्षता घ्यावी.
- ३) धरणाचे काम पहाताना विद्यार्थ्यांनी शिस्तीचे पालन करणे आवश्यक असून कोणताही अपघात होणार नाही याची दक्षता घ्यावी.
- ४) धरणाच्या उर्ध्वबाजूस पाणीसाठा असल्याने व सद्यस्थितीत काम चालू असलेने विद्यार्थ्यांना पाण्यात प्रवेश करून देवू नये.
- ५) धरणावरील रस्ते हे उंचसखल असल्याने विद्यार्थ्यांनी स्वतःच्या सुरक्षिततेची काळजी घेणे आवश्यक आहे.
- ६) विद्यार्थ्यांच्या सुरक्षिततेची तसेच महाविद्यालयाच्या मालमत्तेची जबाबदारी सर्वस्वी महाविद्यालयाचीच असून त्यास हे कार्यालय जबाबदार राहणार नाही.
- ७) गुंजवणी धरणाला दिनांक २७/०२/२०१७ रोजी क्षेत्रीय भेट देण्याअगोदर श्री. वायसे, उपविभागीय अभियंता, गुंजवणी उपविभाग क्र. १ धानेप यांचेशी संपर्क साधावा. (भ्रमण दुरध्वनी क्र.९८२२०४९६०१)

Subject: - Request for permission to visit Hydro Power Station.

Respected sir,

Ours is a degree Engineering College run by Rajgad Dnyanpeeth Bhor, affiliated to Savitribai Phule Pune University. We are having four branches of Engineering.

- 1) Mechanical Engineering-Intake 120
- 2) Civil Engineering - Intake 60
- 3) Computer Engineering - Intake 60
- 4) Electronics & Tele communication Engineering- Intake 60

As per the curriculum of T.E. (Mechanical) under Turbo Machine subject, it is required to visit the Hydro Power Station to study various sections and prepare report towards partial fulfillment of term work. There are 70 students and two staff. We will be highly obliged if you can consider our kind request for the visit which will help upgrade the students in depth knowledge in the subject.

Kindly let us know the possible date of visit as per your convenience during 10/02/2017 to 25/02/2017 to see Hydro power station.

Awaiting your valued reply.

Thanking you in anticipation.

Respected Sir,

Ours is a degree Engineering College run by Rajgad Dnyanpeeth Bhor, affiliated to Savitribai Phule Pune University. As per the curriculum of Savitribai Phule Pune University for Second Year Mechanical Engineering Students, for the subject Thermodynamics it is required to visit an industry which uses boilers & submit the report based on same for the completion of term work.

There are 120 students & four staff members, Please permit us as per your convenience during 20/09/2016 to 24/09/2016 to see boiler & its accessories.

Please provide us information such that students can prepare report on it.

Thanking you in anticipation.

Subject: - Academic visit to RCC Structure site

Respected Sir,

Our is an Engineering College run by Rajgad Dnyanpeeth's, Shri Chhatrapati Shivajiraje College of Engineering, Dhangawadi (Bhor) and is affiliated to Savitribai Phule Pune University with following branches-

1. Civil Engineering: (60 Intake)
2. Mechanical Engineering: (120 Intake)
3. Computer Engineering: (60 Intake).
4. Electronic & Tele Communication Engineering: (60 Intake)

As per the curriculum of Savitribai Phule Pune University for Second year students of Civil Engineering, it is mandatory to visit for Testing of Material subject. It enhances the skill of students to encourage creative thinking process to help them to get confidence about the actual field work.

Kindly do the needful.

Thanking you.

Subject: - About permission for site visit to Hot Mix Plant in Yerwada, Pune.

Respected Sir,

Our Shri Chhatrapati Shivajiraje College of Engineering run by Rajgad Dnyanpeeth Technical Campus Dhangawadi (Bhor) and is affiliated to Savitribai Phule Pune University with following branches

1. Civil Engineering: (60 Intake)
2. Mechanical Engineering: (120 Intake)
3. Computer Engineering: (60 Intake)
4. Electronics & Tele Communication Engineering: (60 Intake)

As per the curriculum of Savitribai Phule Pune University for Final year students of Civil Engineering it is compulsory to visit a hot mix plant in Transportation Engineering subject. It enhances the skill of students to encourage creative thinking process to help them to get confidence about the actual field work.

So they would like to Visit the Hot mix plant of Pune Municipal Corporation situated in Yerwada region. We are requesting you to allow them to visit a hot mix plant.

Thanking you.

Subject: - Request for permission to visit Nuclear Power Station.

Respected Sir,

Ours is a degree Engineering College run by Rajgad Dnyanpeeth Bhor, Dist- Pune, started from June 2009 & affiliated to University of Pune.

As per the curriculum of University of Pune for B.E. (Mechanical) under Power Plant Engineering subject, it is required to visit the Power station to study various sections and prepare report towards partial fulfillment of term work.

There are 90 students in the class of B.E. mechanical and four staff who will come for visit. We will be highly obliged if you can consider our kind request for the visit which will help to upgrade the students in depth knowledge in the subject.

Kindly let us know the possible available date of visit as per your convenience preferably during 10th Feb. to 20th March 2015, we are waiting for your valued reply.

Thanking you in anticipation.

Yours faithfully,
