INVITATION LETTER

To,
Mr. Aniket Mullur
Honeywell India Pvt Ltd
Pune

Subject: Invitation for conducting Workshop on "ARM7 Processor"

Respected Sir,

On behalf of Rajgad's SCSCOE, I am very pleased to have the honor of inviting you to conduct workshop on "ARM7 Processor"

We will arrange the Workshop as per your convenience. We are expecting approximately 130 students from Our Institute.

Please let us know your availability and your requirements for workshop like tools, any audio-visual equipment or additional technological support. I look forward to meeting you at our Campus.

Best wishes.

Prof. D. U. Dalavi

WORKSHOP REPORT

DEPARTMENT: E&TC

CLASS: TE & BE

NAME OF GUEST: Mr. Aniket Mullur

FROM: Honeywell India Pvt Ltd

TITLE/TOPIC: “ARM7 PROCESSOR”

DATE: 31.08.2013

DURATION OF SESSION: 11.00am

STUDENT/ STAFF PRESENT: 111/4

OBJECTIVE:. The main objective is to learn the basics of low-cost and power efficient ARM 7 microcontroller. Introduce the outline architecture of ARM7 microcontroller including basics of pipelines, registers, exception modes, etc. Also how to set up and customize a microcontroller development environment and how to write programs that interact with other devices

DESCRIPTION: The Advanced RISC Machine has several microcontroller families among which ARM7 are the longest serving ARM processors. The ARM7 CPU core based microcontroller is the most popular 32-bit embedded processor which features a small microcontroller with low power consumption. We introduce students with the Philips' LPC2000 ARM7 based microcontroller, the first standard microcontroller to integrate ARM7 and Philips' new memory acceleration module. ARM architecture is used to almost every embedded application ranging from automotive communications protocol to medical devices and security systems.

Philips LPC2000 series (The ARM7 CPU Core Based Microcontroller)

Outline architecture

- The Pipeline
- Registers
- Current Program Status Register
- Exception Modes

Accessing User Onchip Peripherals

- General Purpose I/O
- General Purpose Timers
- Watchdog
- PWM Modulator
- Real Time Clock
- UART
- I2C Interface

Rajgad Dnyanpeeth's

SHRI CHHATRAPATI SHIVAJIRAJE COLLEGE OF ENGINEERING

Gat No. 237, Pune Bangalore Highway, Dhangawadi, Tal – Bhor, Dist- Pune (Maharashtra)

- SPI Interface
- Analog To Digital Converter
- Interrupt Service Routines
- Software Interrupt
- Hardware Debugging Tools

Software Development

- uVision IDE: Embedded C
- Startup Code
- Interworking ARM/THUMB Code
- Locating Code In RAM
- Inline Functions
- Fixing Objects At Absolute Locations
- Inline Assembler

CONCLUSION: After workshop students are able to implement hardware of the ARM7 microcontrollers, understand integrated peripherals based on I/O functions, examples of internal peripheral software drivers. Also they are able to know concept of pipelines, registers and exception modes, ARM7 instruction set covering branching, data processing instructions, swap instruction, THUMB instruction set and others. Students are also able to understand software development flow and working with projects

APPRECIATION LETTER

Date: 31/08/2013

To,
Mr. Aniket Mullur
Honeywell India Pvt Ltd
Pune

Respected Sir,

On behalf of the Rajgad Dnyanpeeth's Shri Chhatrapati Shivajiraje College Of Engineering, we wanted to express our appreciation to you for the Workshop on "ARM7 Processor". It was extremely informative, and participation illustrated the importance of this topic.

Honeywell India Pvt Ltd is an excellent firm , and we appreciate your personally taking time to provide us with the timely information.

Once again, thank you for making the workshop successful, and we appreciate your continued support.

Sincerely,

Prof. D. U. Dalavi
Workshop Coordinator

Project Head,
Duracon Consultants,
Pune.

Dear Sir,

On behalf of Rajgad Dnyanpeeth's, Shri Chhatrapati Shivajiraje College of Engineering Dhangwadi, Tal: Bhor, Dist: Pune, I am very pleased to have the honor of inviting you as to arrange an one day workshop on "*Concrete Mix Design*".

We will be arranging this workshop as per your convenience (26th July 2013 as per telephonic discussion with you).

Please let us know if you will require any audio-visual equipment or additional technological support. Also, please keep us informed of your travel itinerary. I look forward to meeting you at our Campus.

Best wishes.

Sincerely yours,

*Rajgad

REPORT ON WORKSHOP

TITLE/TOPIC: One day workshop on "Concrete Mix Design"

RESOURCE PERSON: Sushant Inamdar, Project Head, Duracon Consultants, Pune.

DAY & DATE: Saturday – 21 August 2013

VENUE: Seminar hall, RDs, SCSCOE, Dhangawadi.

DURATION OF SESSION: 10am to 5pm

STUDENT/STAFF PRESENT: 80/08

CORDINATOR: Asst. Prof. R. B. Kesarkar

OBJECTIVE: The objective of proportioning concrete mixes is to arrive a most economical and practical combinations of the different ingredients.

DESCRIPTION: The program was arranged by Department of Civil Engineering, Shri Chhatrapati Shivajiraje College of Engineering, Dhangawadi, Pune in association with Duracon Consultants. The program delivered by renowned and experienced personalities in the field.

The following course contents broadly covered by resource person:

- Mix design Overview
- Data for mix proportioning
- Selection of mix proportions
- Trial mixes
- Hands on training on concrete mix proportioning calculations
- Hands on training on preparing the designed concrete mix – Practical session

CONCLUSION: the workshop would be very useful to students and faculties for mix design of concrete with different grades.

SUBJECT: LETTER OF APPRECIATION

On behalf of Shri Chhatrapati Shivajiraje College of Engineering, I am very pleased to have the honor to give grateful thanks for your one day workshop on "Concrete Mix Design". We have experienced such knowledgeable, pro-active & visionary professional who have guided students and enlightened us which we will remember for a long time and will expect the same in near future. Also we will be welcoming your suggestions & remarks so that we can improvise ourselves every moment in our career and guide our students in exact direction so that their momentum is never lost.

On basis of overwhelming response we wish to carry forward our fruitful professional relation in near future for the benefits of the students.

Best wishes

Sincerely yours,

Received

Subject: Invitation for conduction of Seminar on “Final Year Project Selection Guidelines”.

Respected Sir,

On behalf of RD's SCSCOE College, I am very pleased to have the honor of inviting you to conduct Seminar on “Final Year Project Selection Guidelines”.

We will be arranging the seminar schedule per your convenience. We are expecting approximately 150 students from our Institute.

Please let us know if you will require any audio-visual equipment or additional technological support. I look forward to meeting you at our Campus.

Best wishes.

SEMINAR REPORT

DEPARTMENT: E&TC

CLASS: TE &BE

NAME OF GUEST: Mr. Chinmay Oak

TITLE/TOPIC: "Final Year Project Selection Guidelines".

DATE: 01st July 2013

DURATION OF SESSION: 2 Hours

STUDENT/ STAFF PRESENT: 135/6

OBJECTIVE: The main objective is to evoke new project ideas in among student. Also to guide the students about market requirements and the future scope.

DESCRIPTION: Project Selection is a process to assess each project idea and select the project with the highest priority. Projects are still just suggestions at this stage, so the selection is based on only brief descriptions of the project, market requirement and latest technologies.

The final year project is the culmination of the degree – it gives students a chance to demonstrate all they have learned. The project module is very different from other modules. The project tests students' ability to: design, engineer and evaluate quality systems.

The project engineer is also often the primary technical point of contact for the consumer. A project engineer's responsibilities include schedule preparation, pre-planning and resource forecasting for engineering and other technical activities relating to the project.

Project managers in engineering are responsible for leading and directing specialized engineers in specific projects. Strong communication skills and the ability to think quickly to resolve problems in real time are essential in this position, and organizational skills and close attention to detail are also important.

There are various project selection methods practiced by the organizations. These methods have different features and characteristics. Therefore, each selection method should be best for different organizations. Although there are many differences between these project selection methods, usually the underlying concepts and principles are the same.

CONCLUSION: It is always best to have a good plan from the inception, with a list of criteria to be considered and goals to be achieved. The seminar will guide students about the latest technology, market demand and new ideas will also ensure that students do make the right choice

Respected Sir,

On behalf of the RD's Shri Chhatrapati Shivajiraje College Of Engineering , we wanted to express our appreciation to you for the Seminar on "Final Year Project Selection Guidelines". It was extremely informative, and participation illustrated the importance of this topic to wireless technology, advanced microcontrollers and Internet of things.

Excel Technologies Pvt. Ltd. is an excellent firm, and we appreciate your personally taking time to provide us with the timely information.

Once again, thank you for making the seminar successful, and we appreciate your continued support.

Sincerely,

Prof. D. U. Dalavi
