4. Cleaning Gramdevat Ranjaimata Temple:

As it was yearly function of the Lord Ranjaimata Mata Temple, so it's surrounding was cleaned. Also, the sand was dumped besides the entrance of the temple so it was transferred to other location. Every year there is very big festival in the village at Lord Ranjaimata Temple. But it was observed that the area of temple was not clean. This year also, Grass was grown everywhere along with some garbage. So as a help preparing the temple for the festival, cutting of grass and cleaning across the temple was done. This includes collecting garbage, eatables,

waste materials and digging around trees for collection of water at the bottom of trees. Also, waste bricks thrown around the temple was collected and transported to the outside.

6. Program on Snake awareness and its demonstration:

A lecture demonstration on snake safety was presented by Mr. Sabrej Khan. The four major poisonous snakes are the Indian king cobra, Russell's viper, the common krait and the saw-scaled viper. "The common krait does not leave any biting symptoms. The venom of the snake is meant not for biting the victims, but to inactivate their prey and digest. The venom of king cobra and Russell's viper affects the nervous system and causes neurosis" he added. The symptoms of disease are death of tissue, teeth markings. By keeping our environment clean and spraying Bellary onion extract, snakes can be avoided from entering.

7. Ralley on Beti Bachao Abhiyan:

A rally was arranged concentrating on health awareness and for making the people aware of the most important things in life. The rally was very cheerful due to enthusiastic children and their voices on the rhythm of NSS volunteers.

Prof. D U Dalavi, NSS Program officer and Prof. S. A. Bhuskute talked about their experiences in the camp. Vote of thanks was given by Prof. A. S. Boke. All were glad to hear that this camp has been well organized by the NSS leaders. They also mentioned that this camp was really a good one. The camp was a platform for many of the members to improve their personality and talents and it was a great success.

The most striking thing was the choice of village as the camping site where the people were very supportive and welcoming. It was also good to hear positive feedbacks from the villagers who visited the camp time to time. This year we have completed Second year at Bhabawadi successful.

The day started at 5:00am by our wake up call. The first session of the day started off with a mild yoga session with its new postures Pranayam berated a new life in all of us. The session got over at 8'o' clock and breakfast was served at 9 'o' clock. The main activity of the day was to carry out "PANIAADHAVA, PANI JIRVA CAMPAIGN" & the main task to perform was to build Bandhara. Some of the villagers were there to guide us. It was definitely the biggest and energy consuming activity we encountered so far. The event was a success reaping from the love of the locals. Following Points are discussed in Programme

Sensitising drivers of all kinds :-

All activities will focus on sensitising drivers of all kinds, specially the two-wheeler riders. Many a times, it has been noticed that due to the carelessness of not wearing helmets, riders suffer severe head injuries and many later succumb to them. 90 percent of such accidents are fatal. This can only be minimised by adopting safety measures like the helmet. An awareness campaign has to be conducted for proving its importance. Apart from this, other road safety rules, traffic rules, and the importance of traffic signage are also to be impressed other drivers of different kinds of vehicles through various campaign methods.

DTE:6324 SPPU:4071

2. Awareness regarding safe driving to Roadways College bus:-

It has often been noticed that the bus drivers of Road Transport Department drive rashly, leading to accidents. These drivers, especially on highways, tend to mix drinks with driving, which is risky as hundreds of lives are at stake. A campaign is required to educate and sensitise them, in which literature on road safety rules and a special booklet will be printed and distributed specifically for bus drivers.

Report on Fight Against Superstitions

DEPARTMENT: All

CLASS: All

TITLE/TOPIC: Fight against Superstitions

DAY & DATE: Sunday - 11.01.2015

DURATION OF EVENT: 2hrs

PEOPLE PRESENT: 55

<u>CO-ORDINATOR</u>: Asst. Prof. D.U.Dalavi. (Event Coordinator)

DETAIL REPORT:

Since time immemorial, superstitions have engulfed people's lives across the globe. Superstition is often referred to an irrational belief in supernatural influences.

India is a home to many of the superstitions. Most of the Indians have an irrevocable faith in superstitions which are often baseless. People are often warned of bad omens like "if a black cat crosses their path" or "if somebody sneezes before making a start". Superstitions thus have become an integral part of many a people's lives in our country.

To abolish the superstitions Rajgad Dnyanpeeth's organized one program on "Andhashradhha Nirmulan" at Bhabawadi Village. Which is in Bhor taluka. Resourc person for that event was Mr. Devkar sir who is Professor and a well-known personality Bhor. He always take the initiative in such kind program. During his 2 hrs session he guide all students and villagers. He also shown some live demonstration, experiments and describe the science behind the Black Magic.

During his speech he said that, "Superstitions should not be confused with 'traditions and customs' that reflect the ethos of a country and often lead to the upliftment of the society. On the other hand, superstition is a blind belief which is totally baseless. The origin of superstitions dates back to the ancient times. As science was not prevalent, people believed in magic and superstitions and wore amulets to protect themselves. Natural calamities were considered as 'weapons of destruction' by the demons". He also says that, "Illiteracy and lack of awareness are the main reasons for the superstitions to thrive. Some people endorse these superstitions out of fear from caste outfits, or due to the apprehension that they may be outcast from their community.

NAME OF EXPERT: Dr.Vijayalaxmi J. Pathak

<u>DESCRIPTION</u>: On this occasion inauguration al speech has given by Prof. Sondkar Mam after that all dignitaries has seat on dais. After that Dr. S. B. Patil sir felicitated to guest **Dr.Vijayalaxmi J. Pathak.**

Dr.Vijayalaxmi J. Pathak has delivered a lecture on eating a variety of whole (i.e. unprocessed) and fresh foods every day helps children and adults to obtain the right amounts of essential nutrients. It also helps them to avoid a diet that is high in sugars, fats and salt, which can lead to unhealthy weight gain (i.e. overweight and obesity) and no communicable diseases. Eating a healthy, balanced diet is especially important for young children's and development; it also helps older people to have healthier and more active lives.

She said that vegetables and fruit are important sources of vitamins, minerals, dietary fibre, plant protein and antioxidants. People whose diets are rich in vegetables and fruit have a significantly lower risk of obesity, heart disease, stroke, diabetes and certain types of cancer.

At the end of this session Prof. Amruta Sonawane madam delivered votes of thanks to Dr.Vijayalaxmi J. Pathak for their valuable guidance on healthy & diet.

<u>CONCLUSION</u>: Rest assured, this is the last eating plan you will ever have to start_These will be your goals, so make them changes you can live with.
