Following Points are discussed in Programme

1. **Sensitising drivers of all kinds :-**

All activities will focus on sensitising drivers of all kinds, specially the two-wheeler riders. Many a times, it has been noticed that due to the carelessness of not wearing helmets, riders suffer severe head injuries and many later succumb to them. 90 percent of such accidents are fatal. This can only be minimised by adopting safety measures like the helmet. An awareness campaign has to be conducted for proving its importance. Apart from this, other road safety rules, traffic rules, and the importance of traffic signage are also to be impressed other drivers of different kinds of vehicles through various campaign methods.

2. Awareness regarding safe driving to Roadways College bus:-

It has often been noticed that the bus drivers of Road Transport Department drive rashly, leading to accidents. These drivers, especially on highways, tend to mix drinks with driving, which is risky as hundreds of lives are at stake. A campaign is required to educate and sensitise them, in which literature on road safety rules and a special booklet will be printed and distributed specifically for bus drivers.
