**67<sup>th</sup> Republic Day Celebration**

DEPARTMENT: All

CLASS: F.E/S.E/T.E/B.E-2015-16

TITLE/TOPIC: Republic Day Celebration

DAY & DATE: Tuesday - 26.01.2016

DURATION OF EVENT: 2hrs

STUDENT/ STAFF PRESENT: 50/160

CO-ORDINATOR: Prof. D.U.Dalavi. (Cultural Secretary )

DESCRIPTION:

India celebrated its first Republic Day on 26<sup>th</sup> January 1950. The date 26<sup>th</sup> January is quite significant in India's history because before India achieved independence, this day was celebrated as the Independence Day. This is also the day when the Government of India Act of 1935 was replaced by the Indian Constitution, which is still regarded as one of the longest of its kind in the world, as the document that needs to be referred to for governing the country.

There are several events that are supposed to make this year's Republic Day celebrations even more special than the previous years. The Indian Government is supposed to launch the action plan for the Start Up India Stand Up India programme on this day. This programme is expected to provide the youth across India with a lot of job opportunities

The 67<sup>th</sup> Republic Day was celebrated at Rajgad Dnyanpeeth's, Shree Chhatrapati Shivajiraje College of Engineering, Dhangawadi, at 8.00 am on 26<sup>th</sup> Jan 2016. The 67<sup>th</sup> Republic Day celebration Flag Hoisting Ceremony by Prof V. L. Dattaraj, Principal of RDTC Shree Chhatrapati Sambhajiraje Polytechnic, Dhangawadi, the students, teaching and non-teaching staff saluted the national Flag and pledged themselves to upholding the honor and integrity, diversity and uniqueness that is "India". Some of the students and staff members were shared their views on this occasion.

Republic Day represents the true spirit of the Independent India. Military parades, displays of military equipment and the national flag are important symbols on this date. India's national flag is a horizontal tricolor of deep saffron(kesaria) at the top, white in the middle and dark green at the bottom in equal proportion. The ratio of the flag's width to its length is 2:3. A navy blue wheel in the center of the white band represents Chakra. Its design is that of the wheel which appears on the abacus of the Sarnath Lion Capital of Ashoka. Its diameter approximates to the white band's width and it has 24 spokes.

DAY & DATE: Saturday – 5<sup>th</sup> September 2015

STUDENT/STAFF PRESENT: 110/30

SESSION: Seminar Hall.

DURATION OF SESSION: 11 am to 1 pm

Teachers mould students and in the process and shape their future. Whatever he/she learn from our teachers remains with him/her, throughout their life. **Engineers Day Celebration**

**DEPARTMENT: E&TC**

**CLASS: S.E/T.E/B.E-2014**

**TITLE/TOPIC: Engineers Day Celebration**

**DAY & DATE: Monday 15.9.2014**

**DURATION OF EVENT: 2hrs**

**STUDENT/ STAFF PRESENT: 130/09**

**CO-ORDINATOR: Assoc. Prof.T.M.Dudhane. (Cultural Secretary)**

**OBJECTIVE OF EVENT:**

The Engineering Community across India celebrates Engineers Day on 15 September every year as a tribute to the greatest Indian Engineer Bharat Ratna Mokshagundam Visvesvaraya. "Role of Engineers in developing India" is the theme of Engineers Day.

**DETAIL REPORT:**

Mokshagundam [Visvesvaraya](#), who was fondly called Sir MV, was literally the builder of India, the builder of dams and water systems, to be precise, which not only boosted irrigation facilities but also saved a large number of people from floods. He was an engineering pioneer of India whose genius reflected in harnessing of water resources and building and consolidation of dams across the country. Every year India celebrates Engineer's Day on September 15, the birth anniversary.

He went on to become India's most prolific civil engineer, dam builder, economist and statesman. He was one of the most prominent builders of India in the 20th century. Visvesvaraya was also the chief engineer responsible for the construction of the Krishna Raja Sagara Dam in Mysore, the biggest in Asia at that time. In 1909, when the city of Hyderabad was in danger of getting flooded, Visvesvaraya was appointed as special consultant engineer to make the city flood-proof. His inventive engineering work saved the Visakhapatnam port from sea erosion. Visvesvaraya is credited with inventing the block system, automated doors that close the water overflows. He designed and patented the floodgates which were first installed at the Khadakwasla reservoir in Pune in 1903. Due to his outstanding contribution to the building of India, the government conferred 'Bharat Ratna' on him in 1955. He was also awarded the British knighthood by King George V, which put the honorific 'Sir' before his name.

On this important day the significance of this day was imparted to the students by Prof T.M.Dudhane. The main dignitaries for the program were Principal Dr.R.L.Khandagale, HOD E&TC Dept and Mechanical Department HOD along with Mr. Rahul Khamkar. Last but not the least all E&TC staff members and students graced the occasion. The program was concluded by

the vote of thanks given by Prof. T. M. Dudhane. He thanked all the students and staff for their enthusiastic participation in the event.

Shiv Jayanti is the celebration of the birthday of great king Chhatrapati Shivaji Maharaj who is considered as founder of Maratha empire (now Maharashtra). It was started by Rajmata Jijai for his beloved son. Under his rule the Maratha Empire came into existence and it spread all around the India. He was very brave under his rule many hindu castes got relief as they were previously oppressed by some selected brahmins and muslims. He even recruited untouchable caste people in his army and he lifted up the situation of them from brahmanism he is considered as one of the great revolutionary of Maharashtra.

This festival is celebrated throughout Maharashtra on February 19, as per the Maharashtra resolution it is marked as the birth anniversary of the Maratha Emperor Shivaji Maharaj.

In 1869 Mahatma Jyotirao Phule discovered the Samadhi of Shivaji Maharaj on Rajgad and wrote the first and the foremost poem in his life. To reach the house of Shivaji Maharaj, Phule said, in 1870, Shiv Jayanti was started. This was the first Shiv Jayanti, and the first program of Shiv Jayanti was performed in Pune. **DEPARTMENT: E&TC**

**CLASS: S.E/T.E/B.E-2013**

**TITLE/TOPIC: Engineers Day Celebration**

**DAY & DATE: Saturday 14.9.2013**

**DURATION OF EVENT: 2hrs**

**STUDENT/ STAFF PRESENT: 85/10**

**CO-ORDINATOR: Assoc. Prof.T.M.Dudhane. (Cultural Secretary)**

**OBJECTIVE OF EVENT:**

The Engineering Community across India celebrates Engineers Day on 15 September every year as a tribute to the greatest Indian Engineer Bharat Ratna Mokshagundam Visvesvaraya. "Role of Engineers in developing India" is the theme of Engineers Day.

**DETAIL REPORT:**

Mokshagundam Visvesvaraya, who was fondly called Sir MV, was literally the builder of India, the builder of dams and water systems, to be precise, which not only boosted irrigation facilities but also saved a large number of people from floods. He was an engineering pioneer of India whose genius reflected in harnessing of water resources and building and consolidation of dams across the country. Every year India celebrates Engineer's Day on September 15, the birth anniversary of Visvesvaraya.

He went on to become India's most prolific civil engineer, dam builder, economist and statesman. He was one of the most prominent builders of India in the 20th century. Visvesvaraya was also the chief engineer responsible for the construction of the Krishna Raja Sagara Dam in Mysore, the biggest in Asia at that time. In 1909, when the city of Hyderabad was in danger of getting flooded, Visvesvaraya was appointed as special consultant engineer to make the city flood-proof. His inventive engineering work saved the Visakhapatnam port from sea erosion. Visvesvaraya is credited with inventing the block system, automated doors that close the water overflows. He designed and patented the floodgates which were first installed at the Khadakwasla reservoir in Pune in 1903. Due to his outstanding contribution to the building of India, the government conferred 'Bharat Ratna' on him in 1955. He was also awarded the British knighthood by King George V, which put the honorific 'Sir' before his name.

On this important day the significance of this day was imparted to the students by Prof J.J.Bandal. The main dignitaries for the program was Principal Dr.R.L.Khandagale, HOD E&TC Dept and Civil Department HOD. Last but not the least all E&TC staff members and students graced the occasion. Shivjayanti is the celebration of the birthday of great king Chhatrapati Shivaji Maharaj who is considered as founder of Maratha empire (now Maharashtra). It was started by Rajmata Jijai for his beloved son. Under his rule the Maratha Empire came into existence and it spread all around the India. He was very brave under his rule many Hindu castes got relief as they were previously oppressed by some selected Brahmins and Muslims.
